INTERESTS/EXTRACURRICULAR ACTIVITIES:

Future Accomplishments:

Upon graduating from the H. Lavity Stoutt Community College, I will continue my educational journey abroad in hope to pursue a bachelor's degree in Hospitality and Music Performance.

Life Ambition:

My Ambition in life is to become a professional singer. Doing this will give me the opportunity to express myself through song and to also assist others especially in the British Virgin Islands who are also interested in becoming professional singers.

Platform:

My platform is Health and Wellness. Health is very important, as it is the art of helping people change their lifestyle towards the best possible state of health. And Wellness is making conscious choices towards a healthy lifestyle. I truly believe that health and wellness is a very important factor in one's life and plan to continue my campaigner this message to the People of the British Virgin Islanders.
